ONLINE DISPUTE RESOLUTION

MED-ARB | MEDIATION | ARBITRATION

Based in the GTA, with a province wide practice, I am a mediator, arbitrator, and med-arbitrator, and work with clients and counsel to deliver practical solutions to manage and resolve disputes in a timely and cost-efficient manner.

I focus on dispute resolution in general civil litigation, corporate, commercial, contracts, condominium, estates, insurance (non-personal injury), and real estate (including agreements, land use and new home warranty (Tarion) disputes.

I have also mediated and arbitrated other types of disputes including construction, workplace, employment, family, multi-party, land use, and alternative energy.

I encourage the development and use of med-arb as an integrated process in various types of disputes and was the first person to be granted the Chartered Med-Arb designation by the ADR Institute of Canada.

My mediation style ranges from facilitative to evaluative depending on the circumstances of the case, and the wishes of the parties and their counsel.

I encourage the use of med-arb as an integrated dispute resolution process in appropriate cases. In both med-arb and arbitration, my focus is on designing and managing a fair and efficient evidence-

based process that is proportional to the dispute in question.

I have been a part-time faculty member teaching ADR in the law school at Queen's University in Kingston, Ontario and I am the co-author of [*ODR Yesterday. Today. Tomorrow.*](#), the first Canadian book about Online Dispute Resolution in Canada.
